QUALITY PLANTS AND ITEMS FOR YOUR HOME AND GARDEN

## Pretty useful tools

A great gift idea for women who like their tools to look gorgeous as well as being functional. This range of pretty floral tools is sure to be a Christmas bestseller and will make those little tasks around the house and garden so much more enjoyable.

## Christmas colour

Choose houseplants and bright ceramic pots that bring a splash of colour to your home this winter. There are shades of cyclamen (pictured on the front cover) to suit all tastes, making them a lovely Christmas gift. The striking poinsettia is another festive favourite. Remember to get a wreath as a cheerful welcome for visitors – Garsons has a selection of both real and everlasting wreaths.

## Christmas wonderland

Garsons has Christmas decorations to suit every festive taste. This year's themes include Woodland, Victorian and Gingerbread. Come and see which is your favourite!

Pictured on the front cover is a decoration from Santa's Winter Garden. For a novel twist, you might like the 1920s theme, or how about the enchanting Star Catcher range of fairytale figures in delicate dresses?

## Best Christmas display in the UK

The Garden Centre beat off national competition to be judged as having the country's best Christmas display last year. The Christmas team starts work on the displays in June and were delighted to win the award from the Garden Centre Association. We believe this year's display will be even better!

## Give an indispensable gift

New this season is the Indispensable Dispenser (pictured on the front page). Ideal for cereal, sweets, coffee and more, it gives neat storage and portion control. Set some up in your kitchen, or give them as practical, fun gifts.

## Create the perfect atmosphere

Dress your festive table in style. Garsons has all you need for elegant dining, from candles and table decorations, to china plates and tablecloths.

Twinkling lights add sparkle to the dark days of winter. Check out the selection of outdoor and indoor lights, fibre optics and illuminated decorations to light up those long evenings.

Popular ranges are the Staylit, which stays on even if the bulbs are missing or broken and the Add-a-Long which connects up to 1,600 lights. Whether you want a chic display or a burst of Christmas fun, there's plenty to choose from. Prices start at just £5.99.

## Turn up the heat with Poolclean

## Fresh from the farm shop

Choose best quality festive produce for a Christmas that's full of flavour. The Farm Shop has tempting exotic fruits including papaya, kiwi fruit and figs.

Pannetone is a Christmas favourite and makes a great present. Medium pannetones are £3.99 each or three for £10, mini versions are £1.75 each or four for £6.

There are lots of gift ideas for food lovers – why not make up your own hamper with Farm Shop goodies? Don't forget to stop off at the cheese counter for a tempting cheese board selection, which includes local choices.

## Nigel's trip

Farm Shop manager Nigel Chandler paid a visit to Nova Scotia recently to see how two Canadian farm shops are run and to gain inspiration to bring home.

Nigel set up the trip after meeting the popular Canadian farm shop owner Pete Luckett at a farm shop conference. Nigel said, "Pete's Fruitique have a similar trading experience to Garsons, although their stores have a live pianist playing to entertain customers."

## Get spooky at Halloween

Make your Halloween go with a scream at Garsons! Take your pick from the hundreds of pumpkins fresh from the fields, then there's goodies for ghouls including trick or treat kits, scary costumes and masks, candles and frightening novelty items.

Pictured is William Downs, last year's Halloween fancy dress winner.
